SPORTS FACILITIES

College students are usually in their teen ages. This is the age for them **build their personality** including sporting. Though academic curriculum keeps them busy in that period to learn technical stuff and get a job, the importance of sports in helping **to have a good mental and physical health** is undeniable. Hence **to develop the Fitness and Concentration Level of the students** both indoor and outdoor games are encouraged at KMS. To restrain and boost power of students, it is an advantage to be a part of any extracurricular activity. It not only helps them to reduce stress but can also help them to develop themselves and it will lead to a healthier environment. The sports facilities in a common area at KMS College campus force the students to be more active. We ensure the engagement and participation of the students in the sports.
